PART 1: Policy

1.1 Definitions

Safeguarding is defined as:

- protecting children from maltreatment;
- preventing impairment of children's mental and physical health or development;
- ensuring that children grow up in circumstances consistent with the provision of safe and effective care;
- and taking action to enable all children to have the best outcomes;

Child Protection is defined in the Children Act 1989 (s.47) as when a child is suffering, or is likely to suffer significant harm. Under statutory guidance and legislation action must be taken to safeguard and promote the child's welfare.

1.2 Introduction

At **Redcliffe Nursery School**

- Safeguarding and promoting the welfare of children is **everyone's** responsibility. **Everyone** who comes into contact with children, their families and carers, has a role to play.
- In order to fulfil this responsibility effectively, all professionals should make sure their approach is child-centred. This means that they should consider, at all times, what is in the **best interests** of the child.
- We take an '**it can happen here**' approach where safeguarding is concerned.
- **Everyone** who comes into contact with children has a role to play in identifying concerns, sharing information and taking prompt action.
- Victims of harm should **never** be given the impression that they are creating a problem by reporting abuse, sexual violence, or sexual harassment. Nor should a victim ever be made to feel ashamed for making a report.

Redcliffe Nursery School is committed to safeguarding and promoting the welfare of children by:

- The provision of a safe environment in which children can learn;
- Acting on concerns about a child's welfare immediately;

- Fulfilling our legal responsibilities to identify children who may be in need of early help or who are suffering, or are likely to suffer, significant harm.

All action taken by **Redcliffe Nursery School** will be in accordance with:

- **Current legislation** (these are summarised within [Working Together to Safeguard Children: statutory framework](#))
- **Statutory, national and local guidance – this includes:**
 - **Working Together to Safeguard Children (2018)**, which sets out the multiagency working arrangements to safeguard and promote the welfare of children and young people and protect them from harm; in addition it sets out the statutory roles and responsibilities of schools.
 - **Keeping Children Safe in Education (2022)** is statutory guidance issued by the Department for Education which all schools and colleges must have regard to when carrying out their duties to safeguard and promote the welfare of children.
 - **Early Years Foundation Stage statutory framework (2021)** is statutory guidance which sets standards that school and childcare providers must meet for the learning, development, and care of children from birth to 5.
- **Local Guidance from the Local Safeguarding Partnership:** around particular safeguarding topics are available on the [Keeping Bristol Safe Partnership Website](#).
- **Government guidance issued in relation to COVID19.** The government has removed remaining restrictions in England. **Redcliffe Nursery School** have created an addendum to this document in the event of a further lockdown. Please see addendum in appendix F.
- **Specific topical safeguarding issues** – a allegation of up-to-date guidance can be found on the Safeguarding in Education Team's guidance page. [Key Guidance: Safeguarding in Education](#)

This policy should be read in conjunction with the following policies:

- Recruitment and Selection
- Bristol City Council Whistleblowing Policy
- Code of Conduct for Staff
- Interaction and Conflict Resolution policy
- E-Safety
- Looked after Children Policy
- Attendance, Absence and Uncollected Child Policy
- Health and Safety

- Policy on Supporting Children in Care
- Attendance (including the safeguarding response to children who go missing from education)
- Health and Safety

1.3 Equalities and Rights Statement

With regards to safeguarding we will consider our duties under the Equality Act 2010 and our general and specific duties under the Public Sector Equality Duty. General duties include:

1. Eliminate discrimination, harassment, victimisation and other conduct that is prohibited by the Equality Act 2010.
2. Advance equality of opportunity between people who share a protected characteristic and people who do not share it.
3. Foster good relations across all protected characteristics – between people who share a protected characteristic and people who do not share it.

Details of our specific duties are published under **Redcliffe Nursery School's** equality statement and measurable objectives.

We adhere to both the [Bristol Equality Charter](#) and [Bristol Children's Charter](#) with a view to contribute towards the [One City Plan](#).

Staff are aware of the additional barriers to recognising abuse and neglect in children with Special Educational Needs and Disabilities (SEND). This will be in line with our Special Educational Needs and Disability Policy.

Redcliffe Nursery School also adheres to the principals of and promotes anti-oppressive practice in line of the [United Nations Convention of the Rights of the Child](#) and the [Human Rights Act 1998](#).

1.4 Overall Aims

This policy will contribute to the safeguarding of children at **Redcliffe Nursery School** by:

- Clarifying safeguarding expectations for members of the education setting's community, staff, governing body, children and their families;
- Contributing to the establishment of a safe, resilient and robust safeguarding culture in the setting built on shared values; that learners are treated with

respect and dignity, taught to treat each other and staff with respect, feel safe, have a voice, and are listened to.

- Supporting contextual safeguarding practice recognising that the setting's site can be a location where harm can occur.
- Setting expectations for developing knowledge and skills within the setting's community (staff, children, parents/carers) to the signs and indicators of safeguarding issues and how to respond to them.
- Early identification of need for vulnerable learners and provision of proportionate interventions to promote their welfare and safety.
- Working in partnership with children, parents and other agencies in the Local Safeguarding Partnership.

Redcliffe Nursery School is named as a relevant agency in the Local Safeguarding Partnership. This policy sets out its statutory duty to co-operate, follow and comply with published arrangements as set out by the Keeping Bristol Safe Partnership.

1.5 Professional expectations, roles, and responsibilities

1.5.1 Role of all staff

- All staff will read and understand Part 1 of statutory guidance Keeping Children Safe in Education (2022). Those working directly with children will also read Annex B. Those who do not work directly with children will have the option of reading Annex A instead.
- In addition to this all staff will be aware of the systems in place which support safeguarding including; reading this Safeguarding/Child Protection Policy; the Behaviour Policy; the Staff Behaviour Policy (code of conduct); safeguarding response to children who go missing from education; and the role of the Designated Safeguarding Lead (DSL).
- Know who and how to contact the DSL and any deputies, the Chair of Governors, and the Governor responsible for safeguarding.
- All staff will be able to identify vulnerable learners and take action to keep them safe. Information or concerns about learners will be shared with the DSL where it includes those:
 - who need a social worker and may be experiencing abuse or neglect
 - requiring mental health support,
 - may benefit from early help
 - where there is a radicalisation concern
 - where a crime may have been committed
- Be clear as to the setting's policy and procedures about [child on child abuse](#), children missing education and [those requiring mental health support](#), and the [impact of technology in relation to online safety](#).

- Be involved, where appropriate, in the implementation of individual plans to further safeguard and achieve best outcomes for learners.
- Record concerns appropriately and in a timely manner by using the setting's safeguarding systems.
- Are aware of the need to raise to the senior leadership team any concerns they have about safeguarding practices within the school.

1.5.2 - Role of the Designated Safeguarding Lead (DSL)

Duties are further outlined in Keeping Children Safe in Education (Annex B)

Details of our DSL and Deputy DSL are available on the **Redcliffe Nursery School website and at reception.**

- The DSL is a senior member of staff who undertakes lead responsibility for safeguarding and child protection within the school. This responsibility is explicit in the role holder's job description.
- The DSL works with the headteacher, and relevant strategic leads, taking lead responsibility for promoting educational outcomes by knowing the welfare, safeguarding and child protection issues that learners in need are experiencing or have experienced, and identifying the impact that these issues might be having on learner's attendance, engagement and achievement at school or college.
- Activities include the management of work undertaken by any Deputy DSLs.
- Manages early identification of vulnerability of learners and their families from staff through cause for concerns or notifications. This will ensure detailed, accurate, secure written records of concerns and referrals.
- Manages referrals to local safeguarding partners where learners with additional needs have been identified. These can include those –
 - who need a social worker and maybe experiencing abuse or neglect
 - requiring mental health support,
 - who may benefit from early help
 - where there is a radicalisation concern
 - where a crime may have been committed

The DSL will also:

- Work with others – acting as a point of contact for outside agencies with regard to safeguarding.
- Support and advise other staff in making referrals to other agencies

- When required, liaise with the case manager and the Local Authority Designated Officer (LADO) in relation to child protection cases which concern a staff member.
- Coordinate safeguarding training for all those in section 5, in line with section 6 of this document.
- Raise awareness and understanding to the school community around policies and practice in relation to safeguarding.
- Help promote educational outcomes by sharing information about vulnerable learners with relevant staff. This includes ensuring that staff:
 - know who these children are,
 - understand their academic progress and attainment and maintain a culture of high aspirations for this cohort;
 - are supported to identify the challenges that children in this group might face
 - make reasonable adjustments so that they act to best support these children.
 - Provide additional academic support or make reasonable adjustments to help children who have **or have had** a social worker to reach their potential.
- Ensure the successful transfer of the Safeguarding/Child Protection File when a learner moves on to a new setting within 5 days for in year transfer or the first 5 days of the start of a new term.
- Ensure appropriate safeguarding cover and availability during term time/ any out of hours/out of term activities managed by the school.
- DSLs will inform the headteacher/principal of enquiries under s.47 of the Children Act 1989 and any police investigations. This includes the need to be aware of the requirement for children to have an Appropriate Adult. Further information can be found in the Statutory guidance - [PACE Code C 2019](#).

1.5.3 - Role of the Governing Body –

Duties are further outlined in Keeping Children Safe in Education Part 2.

There is a senior board level lead who takes responsibility for the setting's safeguarding responsibility.

- The governing body will ensure that all governors and trustees receive appropriate safeguarding and child protection (including online) training at induction. This training should equip them with the knowledge to provide strategic challenge to test and assure themselves that the safeguarding policies and procedures in place in the setting are effective and support the delivery of a robust whole setting approach to safeguarding. This training will be regularly updated.

- There is a senior board level lead who takes responsibility for the setting's safeguarding responsibility to ensure that safeguarding and child protection practice, process, and policy (including online safety) is effective and is compliant with legislation, statutory guidance, and Local Safeguarding Partnership arrangements.
- The appointed Safeguarding Governor will liaise with the Head Teacher/Principal and the DSL to produce an annual report for governors and complete the S. 175 (annual safeguarding) audit for the Keeping Bristol Safe Partnership;
- Ensure that the school remedies any deficiencies or weaknesses brought to its attention without delay;
- Ensure that this document is updated annually (or when there are significant updates)
- Ensure that the DSL is an appropriate senior member of setting's senior leadership team and ensure that they have adequate time, funding, training, resources, and support to carry out their role effectively.
- Ensure that the training and learning for the school community is robust and effective.
- Ensure that learners are taught about safeguarding on the curriculum including online safety in compliance with statutory guidance [Relationships and sex education \(RSE\) and health education - GOV.UK \(www.gov.uk\)](https://www.gov.uk/guidance/relationships-and-sex-education-rse-and-health-education) and [Early years foundation stage \(EYFS\) statutory framework - GOV.UK \(www.gov.uk\)](https://www.gov.uk/guidance/early-years-foundation-stage-eyfs-statutory-framework)
- To ensure that teachers, including supply teachers, other staff, volunteers, and contractors have appropriate checks carried out in line with statutory guidance Keeping Children Safe In Education (2022, Part 3).
- Ensure that there are procedures in place to manage safeguarding concerns or allegations against teachers, including supply teachers, other staff, volunteers, and contractors who may not be suitable to work with or pose a risk to learners, this includes having a process to manage low level concerns.
- Ensure that systems are in place for learners to effectively share a concern about a safeguarding issue they are experiencing, express their views and give feedback.
- Ensure that the setting has systems in place to prevent, identify and respond to child on child harm (including sexual abuse and sexual harassment) and mental health concerns, and review the effectiveness of the setting's online safety practices.
- Appoint a designated teacher to promote the educational achievement for children in care and other care arrangements.

Head teachers and principals should ensure that the above policies and procedures, adopted by governing bodies and proprietors, are accessible, understood and followed by all staff.

1.6 Safeguarding training for staff

1.6.1 - All staff:

- Governing bodies and proprietors will ensure that all staff members undergo safeguarding and child protection (including online safety) training at induction.
- Will receive appropriate safeguarding and child protection (including online safety) refresher training at least on annually (via formal training, email e-bulletins and staff meetings).
- All staff must complete FGM awareness training and will understand their legal duty under the [Mandatory Reporting Duty](#).
- All staff must complete PREVENT awareness training. This is to ensure that they can comply with the legal expectations under the PREVENT duty.
- Staff training includes clear reference to internal whistleblowing policy and guidance for escalating concerns.

1.6.2 - Designated Safeguarding Lead and deputies:

- Will undergo formal training to provide them with the knowledge and skills (including online safety) training required to carry out the role. The training will be updated at least every two years.
- Deputies will be trained to the same level as the DSL.
- The DSL and any deputies will liaise with the Local Safeguarding Partnership to ensure that their knowledge and skills are updated via e-bulletins, attend DSL network meetings, and take time to read and digest safeguarding bulletins.

1.6.3 - Other training considerations:

- The governing body will ensure that at least one person on any appointment panel will have undertaken safer recruitment training, in line with School Staffing (England) Regulations 2009.
- Members of the Senior Leadership Team will make themselves aware of and understand their role within the local safeguarding arrangements. This will ensure that those who have responsibility for the management of behaviour, inclusion, Special Educational Needs, attendance, and exclusions will carry out their duties with a safeguarding consideration.
- The Designated Teacher for Children in Care will undergo appropriate training to fulfil their role to promote the educational achievement of registered pupils who are in care.
- The mental health lead has access to appropriate training.
- Training around safeguarding topics in Annex B (including online safety) will be integrated, aligned, and considered as part of a whole setting safeguarding approach.
- Appropriate colleagues have received appropriate training in relation to use of reasonable force and positive handling

1.7 Safeguarding in the curriculum

Redcliffe Nursery School is dedicated to ensuring that learners are taught about safeguarding, including online safety. We recognise that a one size fits all approach may not be appropriate for all learners, and a more personalised or contextualised approach for more vulnerable learners, victims of abuse and some SEND children might be needed. This is part of a broad and balanced curriculum.

This includes:

- Working within statutory guidance in respect to [Relationships and sex education \(RSE\) and health education - GOV.UK \(www.gov.uk\)](https://www.gov.uk/government/consultations/relationships-and-sex-education-rse-consultation); and [Early years foundation stage \(EYFS\) statutory framework - GOV.UK \(www.gov.uk\)](https://www.gov.uk/government/consultations/early-years-foundation-stage-eyfs-consultation)
- Personal, Social, Health and Economic (PSHE) education, to explore key areas such as self-esteem, emotional literacy, assertiveness, power, building resilience to radicalisation, e-safety and bullying.
- Appropriate filters and monitoring systems are in place to ensure that 'over-blocking' does not lead to unreasonable restrictions as to what learners can be taught with regard to online teaching and safeguarding.
- The curriculum will be shaped to respond to safeguarding incident patterns in the setting identified by the DSL and safeguarding team (e.g., to respond to an increase in bullying incidents).
- Providing engagement opportunities with parents and carers to consult on key aspects of the curriculum.

1.7 Safer recruitment and safer working practice

Safer recruitment

The school pays full regard to the safer recruitment practices detailed in 'Keeping Children Safe in Education' (2022)

- This includes scrutinising applicants, verifying identity and academic or vocational qualifications, obtaining professional and character references, checking previous employment history and ensuring that a candidate has the health and physical capacity for the job.
- It also includes undertaking appropriate checks through the Disclosure and Barring Service (DBS), the barred list checks and prohibition checks (and overseas checks if appropriate), dependent on the role and duties performed, including regulated and non-regulated activity.
- References are always obtained, scrutinised and concerns resolved satisfactorily before appointment is confirmed.

- All recruitment materials will include reference to **Redcliffe Nursery School's** commitment to safeguarding and promoting the wellbeing of learners.
- In addition, as part of the shortlisting process **Redcliffe Nursery School** will consider carrying out an online search as part of their due diligence on the shortlisted candidates. This may help identify any incidents or issues that have happened, and are publicly available online, which the setting might want to explore with the applicant at interview

1.8.2 - Use of reasonable force

- 'Reasonable force' refers to the physical contact to restrain and control children using no more force than is needed'. The use of reasonable force is down to the professional judgement of the staff member concerned and will be determined by individual circumstances and the vulnerability of any child with Special Educational Needs or Disability (SEND) will be taken into account.
- The use of reasonable force will be minimised through positive and proactive behaviour support and de-escalation and will follow government guidance ([Use of Reasonable Force in Schools 2013](#); [Reducing the need for restraint and restrictive intervention, 2019](#)).
- There is robust recording of any incident where positive handling or restraint has been used. Further review of the incident is carried out to reflect on how the incident could be avoided. This will involve the child and their family.

Whistleblowing procedures

- Staff are aware of the following whistleblowing channels for situations where they feel unable to raise an issue with the senior leadership team or feel that their genuine concerns are not being addressed:
- General guidance can be found at: Advice on whistleblowing <https://www.gov.uk/whistleblowing>.
- The NSPCC whistleblowing helpline is available [here](#) for staff who do not feel able to raise concerns regarding child protection failures internally. Staff can call: 0800 028 0285 – line is available from 8:00 AM to 8:00 PM, Monday to Friday and Email: help@nspcc.org.uk.
- The above channels are clearly accessible to all staff (in the staff handbook, code of conduct, staff notice boards).

1.9 Key safeguarding areas

These topics are themes that can impact on children and families, there are specific areas of safeguarding that the setting has statutory responsibilities to address which are hyperlinked:

- Children in the court system
- Children affected by parental offending/imprisonment.
- [Children missing from education](#) – including persistent absence.
- [Child Exploitation](#) (including both Child Sexual Exploitation and Child Criminal Exploitation and county lines, modern day slavery and trafficking)
- Cybercrime
- [Domestic Abuse](#)
- Homelessness
- So-called Honour based Abuse (including Female Genital Mutilation and Forced Marriage),
- [Online Safety](#)
- [Mental health](#)
- [Child on Child/ child on child abuse](#):
 - Bullying (including cyberbullying, prejudice-based and discriminatory bullying).
 - Abuse in intimate personal relationships between children (also known as teenage relationship abuse).
 - Physical abuse such as hitting, kicking, shaking, biting, hair pulling, or otherwise causing physical harm (this may include an online element which facilitates, threatens and/or encourages physical abuse).
 - Sexual violence, such as rape, assault by penetration and sexual assault; (this may include an online element which facilitates, threatens and/or encourages sexual violence).
 - Sexual harassment, such as sexual comments, remarks, jokes and online sexual harassment, which may be standalone or part of a broader pattern of abuse.
 - Causing someone to engage in sexual activity without consent, such as forcing someone to strip, touch themselves sexually, or to engage in sexual activity with a third party.
 - Consensual and non-consensual sharing of nudes and semi-nude images and or videos (also known as sexting or youth produced sexual imagery).
 - Upskirting, which typically involves taking a picture under a person's clothing without their permission, with the intention of viewing their genitals or buttocks to obtain sexual gratification, or cause the victim humiliation, distress, or alarm; and
 - Initiation/hazing type violence and rituals (this could include activities involving harassment, abuse or humiliation used as a way of initiating a person into a group and may also include an online element).
- [Preventing Radicalisation \(The Prevent Duty\)](#)
- [Serious Youth Violence](#)
- Substance Misuse
- [Private Fostering](#)
- [Young Carers](#)

Additional information about key safeguarding areas can also be found in Keeping Children Safe in Education (2022; Annex B); the [NSPCC website - Types of Abuse](#);

And for localised resources for education settings [The Bristol Safeguarding in Education website](#).

PART 2: Procedures

2.1 Reporting concerns

All staff are clear about recording and reporting concerns to the DSL and DSL deputies in a timely way. In the case a child is in immediate danger in staff should phone the police.

All staff are aware of and follow the procedures to respond to a concern about a child detailed in [Appendix B](#). This includes responses to child on child harm and children who present with a mental health need.

At **Redcliffe Nursery School** learners can raise their concerns via CPOMS, as well as, through conversations with the safeguarding team and they will be treated seriously.

2.2 Information Sharing

Redcliffe Nursery School is committed to have due regard to relevant data protection principles which allow for sharing (and withholding) personal information as provided for in the Data protection Act 2018 and UK General Data Protection Regulations. This includes how to store and share information for safeguarding purposes, including information which is sensitive and personal and should be treated as 'special category personal data'.

Staff at the setting are aware that:

- That 'Safeguarding' and 'individuals at risk' is a processing condition that allows practitioners to share special category personal data.
- Practitioners will seek consent to share data where possible in line with [Information Sharing for Safeguarding Practitioners 2018](#).

There may be times when it is necessary to share information without consent such as:

- To gain consent would place the child at risk,
- by doing so will compromise a criminal investigation,
- It cannot be reasonably expected that a practitioner gains consent,

- or, if by sharing information it will enhance the safeguarding of a child in a timely manner but it is not possible to gain consent.

There are also times when Redcliffe Nursery School will not provide pupil's personal data where the serious harm test under legislation is met, (by sharing the information the child may be at further risk). When in doubt Redcliffe Nursery School will seek legal advice.

The Data Protection Act 2018 and GDPR do not prevent the sharing of information for the purposes of keeping children safe. Fears about sharing information must not be allowed to stand in the way of the need to safeguard and promote the welfare and protect the safety of children.

2.3 Identifying and monitoring the needs of vulnerable learners.

The DSL and DSL deputies will regularly review and monitor those students who have been identified as vulnerable. This can include reviewing attendance data, behaviour data, attainment data and safeguarding records.

This is to ensure that:

- Proportionate and early interventions can be taken to promote the safety and welfare of the child and prevent escalation of harm.
- Information about vulnerable learners is shared with teachers and school and college leadership staff to promote educational outcomes.
- Learners who currently have, or have had, a social worker will have their academic progress and attainment reviewed and additional academic support will be provided to help them reach their full potential.
- Reasonable adjustments are made in relation to school-based interventions – for example responding to behaviour.
- **Redcliffe Nursery School** can support learners who may have intersecting protected characteristics. Redcliffe Nursery School recognises those with protected characteristics are likely to be more vulnerable to negative experiences of discrimination both explicitly and or systemically.
- Redcliffe Nursery School will work in the **best interests of the child** in compliance with their equality and human rights legal duties.

2.4 Multi-agency working

Redcliffe Nursery School is a relevant agency in the Keeping Bristol Safe Partnership and will work together with appropriate agencies to safeguard and promote the welfare of children including identifying and responding to their needs.

This is in compliance with statutory guidance [Working Together to Safeguard Children 2018](#).

Occasions that warrant a statutory assessment under the Children Act 1989:

- If the child is in need under s.17 of the Children Act 1989 (including when a child is a young carer and or subject to a private fostering arrangement);
- or if the child is in need of protection under s.47 of the Children Act 1989 where they are experiencing significant harm, or likely to experience significant harm.

Referrals in these cases should be made by the DSL (or Deputy DSLs) to Children's Social Care in the local authority in which that child resides. The list of safeguarding contact and other key agencies are listed in [Appendix B](#).

Where the child already has a social worker, the request for service should go immediately to the social worker involved or, in their absence, to their team manager. If the child is a child in care, notification should also be made to the Hope Virtual School.

We will co-operate with any statutory safeguarding assessments conducted by children's social care: the setting will ensure representation at appropriate inter-agency meetings such as integrated support plan meetings initial and review child protection conferences and core group meetings.

Additional considerations:

- Where a child and/or their family is subject to an inter-agency child protection plan or a multiagency risk assessment conference (MARAC) meeting, the setting will contribute to the preparation, implementation and review of the plan as appropriate.
- In situations where a child in care may be put on to part time timetable, the school will consult with the Hope Virtual School and complete the pro-forma found at [Attendance and exclusions of children in care](#)
- If a crime has been suspected or committed that involved the bringing of an offensive weapon on to the school site, the setting will liaise with the Local Authority Violence Reduction Unit (Safer Options) who will consider a proportionate response.
- If there is a risk of harm, the police should be called via 999. For other concerns of criminality the non-statutory guidance ['When to Call the Police' from the NCPCC](#). If non urgent you should report a crime via 101.
- In the rare event that a child death occurs or a child is seriously harmed, **Redcliffe Nursery School** will notify the Keeping Bristol Safe Partnership as soon as is reasonably possible.

2.5 Suspensions, permanent exclusions, and commissioning of Alternative Provisions - (To be read in conjunction with the Behaviour Policy)

When the setting is considering suspending or permanently excluding a learner where additional vulnerability is identified it is important that the learner's welfare is a paramount consideration. The head teacher will consider their legal duty of care when sending a learner home.

Redcliffe Nursery School will exercise their legal duties in relation to their interventions. This includes:

- whether a statutory assessment should be considered in line with the principles of [Children Act 1989](#),
- that decisions are made in an anti-discriminatory manner in line with the [Equality Act 2010](#) (including having regard to the [SEND Code of Practice](#))
- and takes into consideration the learner's rights under the [Human Rights Act 1998](#).
- Interventions will be consistent with statutory guidance [School suspensions and permanent exclusions - GOV.UK \(www.gov.uk\)](#)

Actions to take

- An assessment of need should be undertaken with multi-agency partners with a view to mitigate any identified risk of harm this in line with [2.3 Identifying and monitoring the needs of vulnerable learners](#).
- If the child is subject to a child protection plan or where there is an existing child protection file, we will call a multiagency risk-assessment meeting prior to making the decision to exclude.
- In the event of a one-off serious incident resulting in an immediate decision to exclude, the risk assessment *must* be completed prior to convening a meeting of the governing body.

In the event where **Redcliffe Nursery School** commissions an Alternative Provision they will follow the [Bristol City Council Alternative Learning Provision Hub](#) and follow local guidance [Commissioning Alternative Learning Provision – Advice for schools, Commissioners, and Alternative Providers \(2019\)](#) to ensure clear agreement of roles and responsibilities to maintain safeguarding arrangements for learners who are not taught on site.

2.6 Children Missing from Education (To be read in conjunction with the Attendance Policy)

Despite not being statutory education, we take our duty to protect children very seriously. A learner missing from education is a potential indicator of abuse or neglect, or maybe an indicator of need for early help support.

Staff should follow the setting's procedures for unauthorised absence and for dealing with children that go missing from education, particularly on repeat occasions. These should be reported to the DSL and reviewed in line with [2.3 Identifying and monitoring the needs of vulnerable learners](#)

Redcliffe Nursery School will follow the guidance detailed in [Children Missing Education \(2016\)](#) and [Bristol City Council Education Welfare Service – Children Missing Education](#)

This will include notifying the local authority in which the child lives:

- of any pupil who fails to attend school regularly,
- or has been absent without the school's permission for a continuous period of 10 school days or more, at such intervals as are agreed between the school and the local authority.

Elective Home Education

Redcliffe Nursery School will notify the Local Authority of every learner where a parent has exercised their right to educate their child at home. Safeguarding files should be shared with the Local Authority Elective Home Education service and consideration of whether additional support from children's social care should be made in line with the Children Act 1989.

2.7 Respond to incidents of child on child harm.

(There is flow diagram in [Appendix B](#) that illustrates this section)

All staff should recognise that children can abuse their peers (including online). It is important that incidents of abuse and harm are treated under safeguarding policy in conjunction with the behaviour policy. However, concerns regarding the welfare of learners requires process and records to be kept on the child's safeguarding/child protection file.

Further examples of child on child harm this can be found under section [1.9 Key Safeguarding Areas](#). It is recognised that child on child abuse can happen inside and outside of school/college or online.

At **Redcliffe Nursery School** We have a 'zero tolerance' approach to abuse. Incidents are taken seriously. These will never be tolerated or passed off as 'banter,' just having a laugh' or 'part of growing up.' Banter and teasing can and should be acknowledged and recognised as bullying behaviour and may require proportionate intervention.

- Even with a zero-tolerance approach, we take steps to educate and take action ensure to mitigate the risk of contributing to a culture of unacceptable behaviours or a culture that normalises abuse.
- It is understood that child on child harm may reflect equality issues in terms of those who may be targeted are more likely to have protected characteristics.

- Early identification of vulnerability to child on child harm is made by reviewing attendance, behaviour, attainment and safeguarding records at least on a termly basis.

There are clear systems in place (which are well promoted, easily understood and easily accessible) for learners to confidently report abuse knowing their concerns will be treated easily as reflected in section [2.1 Reporting a concern](#) of this policy.

Redcliffe Nursery School will handle initial reports of harm by:

- Securing the immediate safety of learners involved in an incident and sourcing support for other young people affected.
- Listening carefully to the child, being non-judgmental, being clear about boundaries and how the report will be progressed, not asking leading questions and only prompting the child where necessary with open questions – where, when, what, etc;
- ensuring that victims will never be given the impression that they are creating a problem by reporting any form of abuse or neglect, sexual violence, or sexual harassment. They will never be made to feel ashamed for making a report.
- All staff should be aware that children may not feel ready or know how to tell someone that they are being abused, exploited, or neglected, and/or they may not recognise their experiences as harmful.
- It is also important that staff determine how best to build trusted relationships with children which facilitates communication.
- Ensuring the child's wishes are taken into consideration in any intervention and any action is taken to ensure safety of the target and other members of the wider peer cohort.
- Not promising confidentiality as it is highly likely that information will need to be shared with others.

2.7.1 Actions to take in relation to sexual violence and sexual harassment.

Reference to Keeping Children Safe In Education (2022, Part 5) and guidance should be made in relation to taking protective action. **Redcliffe Nursery School** will take the following actions when responding to incidents of sexual violence and sexual harassment:

- Incidents will be reported immediately to the DSL/ Deputy DSL who will undertake further assessment of what action should be taken proportionate to the factors that have been identified. [The Brook - Sexual Behaviours Traffic Light Assessment Tool](#) should be utilised to inform assessment of risk and what actions to subsequently take. This may include seeking specialist advice and guidance from [Be Safe](#).
- DSLs/Deputies will take **proportionate** action and consider whether a case can be managed internally, through early help, or should involve other

agencies as required in line with the section [2.4 - Multi-Agency Working section](#).

- When an incident involves an act of **sexual violence** (rape, assault by penetration, or sexual assault) the starting point is that this must be reported to the police immediately **regardless** of the age of criminal responsibility (10 years old). This must be reported directly via 101 for recording purposes and accountability. This is on the understanding that the police will take a welfarist approach rather than a criminal justice one. A concurrent referral to social care must also be made for all children directly involved. A strategy can be requested where education can voice explicitly concerns of criminalisation in a multi-agency context.
- When the children involved require a statutory assessment either under s.17 or s. 47 of the Children Act 1989 a referral to social care should be undertaken.
- Where the report includes an online element, the setting will follow [Searching, screening and confiscation at school - GOV.UK \(www.gov.uk\)](#) and [Sharing nudes and semi-nudes: advice for education settings working with children and young people - GOV.UK \(www.gov.uk\)](#). The key consideration is for staff not to view or forward illegal images of a child. The highlighted advice provides more details on what to do when viewing an image is unavoidable.
- Risk assessments and or safety plans will be developed for individual children who have been involved in an incident. This should be reviewed every 3 months or every time there is an occurrence of an incident. These should involve the child and parents/carers and address contextual risks.

Contextual safeguarding approach to child on child harm:

Redcliffe Nursery School will minimise the risk of child on child abuse by taking a contextual approach to safeguarding by increasing safety in the contexts of which harm can occur – this can include the school environment itself, peer groups and the neighbourhood.

Following any incidents of child on child harm, the DSL/Deputies will review and consider whether any practice or environmental changes can be made in relation to any lessons learned. This can include making changes to staffing and supervision, making changes to the physical environment and considering the utilisation and delivery of safeguarding topics on the curriculum.

2.8 Responding to allegations of abuse made against professionals.

Redcliffe Nursery School has processes and procedures in place to manage any safeguarding allegation, or concern (no matter how small), about staff members (including supply staff, volunteers, and contractors). Staff must report **any** concerns or allegations about a professional's behaviour, but more urgently where they may have:

- behaved in a way that has harmed a child, or may have harmed a child;
- possibly committed a criminal offence against or related to a child;
- behaved towards a child or children in a way that indicates he or she may pose a risk of harm to children; or
- behaved or may have behaved in a way that indicates they may not be suitable to work with children.

Immediate action must be taken – do not speak to the individual it concerns.

- Allegations or concerns about colleagues (including supply staff) and visitors must be reported directly to the Head Teacher/Principal.
- If the concern relates to Head Teacher/Principal it should be reported to the Chair of Governors, who will liaise with the Local Authority Designated Officer (LADO) and they will decide on any action required,
- In the event that allegations are regarding a member of supply staff, the school will take the lead and progress enquiries with the LADO, whilst continuing to engage and work with the employment agency.

Redcliffe Nursery School will follow guidance in **KCSIE 2022 - Part four: Allegations of abuse made against teachers and other staff.**

- Allegations regarding foster carers or anyone in a position of trust working or volunteering with children should be referred to the LADO on the day that the allegation is reported. The allocated social worker should also be informed on the day. The school should not undertake any investigation unless the LADO advises this.

Low level concerns

This should be read in conjunction with the staff code of conduct and Keeping children Safe in Education (2022, Part 4). A low level concern is not insignificant. This process should be used in events where a concern about professional conduct does not meet the threshold set out at the beginning of this section.

- Reports should be made in accordance with Redcliffe Nursery School own process, reported to the DSL/deputy DSL and recorded on a low level concerns form.
- **Redcliffe Nursery School** creates an environment where staff are encouraged and feel confident to self-refer where they have found themselves in a situation.
- The DSL will address unprofessional behaviour and support the individual to correct it at an early stage providing a responsive, sensitive, and proportionate handling of such concerns when they are raised.
- Review and correct any deficits in the setting's safeguarding system.

2.9 Mental health and wellbeing.

(A flow diagram is available in [Appendix B](#) to illustrate this section)

Schools and colleges have an important role to play in supporting the mental health and wellbeing of their learners. Mental health problems can, in some cases, be an indicator that a child has suffered or is at risk of suffering abuse, neglect or exploitation.

Redcliffe Nursery School will commit to undertake the following.

- The appointment of a senior mental health lead who can support the development of knowledge and act as a point of expertise to promote the wellbeing and mental health of learners. This colleague will have sufficient training in mental health **and** safeguarding for them to carry out their role effectively.
- Early identification of vulnerability to mental health problems by reviewing attendance, behaviour, attainment and safeguarding records at least on a termly basis.
- Ensure that learners can report and share concerns in line with section [2.1 Reporting a concern](#) of this policy.
- Staff will follow a safeguarding process in terms of reporting concerns outlined in [Appendix B](#) so the DSL and deputy DSLs can assess whether there are any other vulnerabilities can be identified.
- Staff will ensure the immediate health and safety of a learner who is displaying acute mental health distress. This may require support from emergency services via 999 if the learner is at risk of immediate harm.
- DSLs/Deputies will consider whether a case can be managed internally, through early help, or should involve other agencies as required in line with section [2.4 - Multi-Agency Working](#).
- The setting will communicate and work with parents to ensure that interventions are in the best interests of the child.
- DSLs will liaise with staff to ensure reasonable adjustments are made and develop ways to support achieving positive educational outcomes.
- Only appropriately trained professionals should attempt to make a diagnosis of a mental health problem – DSLs and the senior leadership team should be able to access specialist advice through targeted services or through their locality [Primary Mental Health Specialists from Child and Family Consultation Services](#).

Contextual safeguarding approach to mental health

Redcliffe Nursery School will ensure that preventative measures in terms of providing safeguarding on the curriculum will provide opportunities for learners to identify when they may need help, and also to develop resilience.

The setting will take a 'whole school approach' to:

- deliver high quality teaching around mental health and wellbeing
- having a culture that promotes mental health and wellbeing
- having an environment that promotes mental health and wellbeing
- making sure pupils and staff are aware of and able to access a range of mental health services
- supporting staff wellbeing
- being committed to pupil and parent participation.

2.10 Online Safety

Online safety is an integrated and interwoven theme with other safeguarding considerations. It is essential that the DSL takes a lead on ensuring that interventions are effective. This means coordinating support and engaging with other colleagues in the setting who may have more technological expertise such as the IT manager.

Redcliffe nursery School is committed to addressing online safety issues around content, contact, conduct and commerce. This includes:

- Ensuring that online safety is concerned in relevant policies and procedures.
- Online safety is interwoven in safeguarding training for staff and safeguarding on the curriculum for learners.
- Acknowledging that child on child abuse can happen via mobile and smart technology between individuals and groups. This should be approached in the same process outlined in section [2.7 Responding to incidents of child on child harm](#).
- Provision of education via remote learning will comply with governmental advice [Safeguarding and remote education during coronavirus \(COVID-19\) - GOV.UK \(www.gov.uk\)](#)
- The effectiveness of the setting's ability to safeguarding learners in respect to filtering and monitoring, information security and access management alongside the above will be reviewed annually.

Appendix C - Dealing with a disclosure of abuse

When a child tells me about abuse they have suffered, what must I remember?

- Stay calm.
- Do not communicate shock, anger or embarrassment.
- Reassure the child. Tell them you are pleased that they are speaking to you.
- Never promise confidentiality. Assure them that you will try to help but let the child know that you may have to tell other people in order to do this. State who this will be and why.
- Encourage the child to talk but do not ask "leading questions" or press for information. Use 'Tell Me, Explain to me, Describe to me' (TED) questioning.
- Listen and remember.
- Check that you have understood correctly what the child is trying to tell you.
- Praise the child for telling you. Communicate that they have a right to be safe and protected.
- It is inappropriate to make any comments about the alleged offender.
- Be aware that the child may retract what they have told you. It is essential to record all you have heard.
- At the end of the conversation, tell the child again who you are going to tell and why that person or those people need to know.
- As soon as you can afterwards, make a detailed record of the conversation using the child's own language. Include any questions you may have asked. Do not add any opinions or interpretations.

NB It is not education staff's role to seek disclosures. Their role is to observe that something may be wrong, ask about it, listen, be available and try to make time to talk.

- The 5 'R's are helpful in understanding what professionals duties are in relation to responding to an incident.

Recognise – Respond – Reassure – Refer - Record

Appendix D - Types of abuse and neglect

The Department for Education's Tackle Child Abuse campaign has accessible videos to watch <https://tacklechildabuse.campaign.gov.uk/>

Abuse and neglect is defined as the maltreatment of a child or young person whereby someone may abuse or neglect a child by inflicting harm, or by failing to prevent harm. They may be abused by an adult or adults or by another child or children.

All school and college staff should be aware that abuse, neglect and safeguarding issues are rarely standalone events that can be covered by one definition or label. In most cases multiple issues will overlap with one another. For children with Special Educational Needs and Disabilities (SEND) additional barriers can exist when identifying abuse and neglect, these include:

- assumptions that indicators of possible abuse such as behaviour, mood and injury relate to the child's disability without further exploration;
- being more prone to peer group isolation than other children;
- the potential for children with SEN and disabilities being disproportionately impacted by behaviours such as bullying, without outwardly showing any signs; and
- communication barriers and difficulties in overcoming these barriers.

To address these additional challenges, schools and colleges should consider extra pastoral support for children with SEND (KCSIE, 2020).

The following are the definition of abuse and neglect as set out in Working Together to Safeguard Children (2018) however, the ultimate responsibility to assess and define the type of abuse a child or young person may be subject to is that of the Police and Children's Services – our responsibility is to understand what each category of abuse is and how this can impact on the welfare and development of our children and where we have concerns that a child or young person may be at risk of abuse and neglect (one or more categories can apply) to take appropriate action as early as possible.

Physical abuse: a form of abuse which may involve hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating or otherwise causing physical harm to a child. Physical harm may also be caused when a parent or carer fabricates the symptoms of, or deliberately induces, illness in a child.

Neglect: the persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development. Neglect may occur during pregnancy as a result of maternal substance abuse. Once a child is born, neglect may involve a parent or carer failing to: provide adequate food, clothing and shelter (including exclusion from home or abandonment); protect a child from physical and emotional harm or danger; ensure adequate supervision (including the use of inadequate care-givers); or ensure access to appropriate medical care or treatment. It may also include neglect of, or unresponsiveness to, a child's basic emotional needs.

Emotional abuse: the persistent emotional maltreatment of a child such as to cause severe and adverse effects on the child's emotional development. It may involve conveying to a child that they are worthless or unloved, inadequate, or valued only insofar as they meet the needs of another person. It may include not giving the child opportunities to express their views, deliberately silencing them or 'making fun' of what

they say or how they communicate. It may feature age or developmentally inappropriate expectations being imposed on children. These may include interactions that are beyond a child's developmental capability as well as overprotection and limitation of exploration and learning, or preventing the child participating in normal social interaction. It may involve seeing or hearing the ill-treatment of another. It may involve serious bullying (including cyberbullying), causing children frequently to feel frightened or in danger, or the exploitation or corruption of children. Some level of emotional abuse is involved in all types of maltreatment of a child, although it may occur alone.

Sexual abuse: involves forcing or enticing a child or young person to take part in sexual activities, not necessarily involving a high level of violence, whether or not the child is aware of what is happening. The activities may involve physical contact, including assault by penetration (for example rape or oral sex) or non-penetrative acts such as masturbation, kissing, rubbing and touching outside of clothing. They may also include non-contact activities, such as involving children in looking at, or in the production of, sexual images, watching sexual activities, encouraging children to behave in sexually inappropriate ways, or grooming a child in preparation for abuse (including via the internet). Sexual abuse is not solely perpetrated by adult males. Women can also commit acts of sexual abuse, as can other children.

Appendix E Specific actions to take on topical safeguarding issues

General or national guidance will not be included here. A summary of specific duties are in [Keeping Children Safe in Education 2022 Annex A](#) and Access to local guidance can be found in [Appendix A](#) of this document.

In recognition that the threshold of child protection is 'likely to suffer' significant harm, Redcliffe Nursery School may need to make a referral to children's social care. Where possible, this will involve notifying the parent/carer if it does not place the learner at further risk of harm. In all other circumstance's information will be shared in line with section [2.2 Information Sharing](#).

It is also important to recognise the importance of liaising with other education settings who may have siblings attending. It is likely that they may hold additional information which will support early identification of harm and in turn develop your assessment of need.

Child Exploitation – both Child Sexual Exploitation (CSE) and Child Criminal Exploitation (CCE)

Redcliffe Nursery School will ensure that early help intervention is provided as soon as a concern of exploitation is identified. Discussion and advice will be sought from

targeted services to consider what support may be available. The learner and their families will be part of any planning and interventions.

- If the learner is at risk of CSE or there is intelligence which indicates that the learner or peer group are at risk of CSE, Redcliffe Nursery School will share information with Operation Topaz (the police). This information will support proactive activity to disrupt criminal activity in relation to sexual exploitation.
- If the learner is at risk of CCE information should be shared with Bristol's Violence Reduction Unit - Safer Options. The Safer Options Education Inclusion Managers can advise and support settings to manage risk. Targeted support maybe available to disrupt learners from getting involved with criminality.
- Avon and Somerset Police share 'Missing persons' notifications (which a learner is reported missing from home or care) with education settings with a view to support them to take proactive action and reasonable adjustments in relation to behaviour management and achieving positive educational outcomes. These should be stored securely on the learner's Safeguarding/Child Protection file.

Domestic Abuse –

Operation Encompass is a national operation where local police forces notify when the police are called to an incident to domestic abuse. Avon and Somerset have their own version of this and will notify education settings whenever they have responded to a domestic abuse incident. This will enable the education setting to take proactive action and reasonable adjustments in relation to behaviour management and achieving positive educational outcomes.

Under the current information sharing protocol, the education setting **is not permitted** in sharing this information without seeking consent from Avon and Somerset police in case this can put a victim and learners at further risk of harm. The only exception to this when information is shared with new education setting (part of statutory duties in relation to transfer of the Safeguarding/ Child Protection file, Keeping Children Safe in Education). Additional instructions around this are sent out with every single notification.

- Education settings must have signed up to a Police Safeguarding Notification Briefing to receive these.
- Each setting should have at least 2 members of trained staff able to receive and act upon these notifications.
- Each setting should promote an open culture of safeguarding to enable learners and families to disclose and feel safe to talk about their experiences and what support maybe required.

Female Genital Mutilation -

Mandatory reporting duty: [Click here for government guidance](#)

This is a legal duty for all professionals undertaking teaching work to report known cases of FGM to the police via 101. This is when they:

1. are informed by a girl under 18 that an act of FGM has been carried out on her; or
2. observe physical signs which appear to show that an act of FGM has been carried out on

These cases must be referred to the DSL who will support them to carry out their duty. It is also advised any referrals made to the police under the mandatory reporting duty is followed up with children's social care so an assessment of need and support is concurrently considered.

Travel:

National guidance has highlighted going on holiday to a risk affected country is cause for concern, local guidance has been developed to prevent discriminatory action against families from risk affected communities.

- Families are encouraged to notify the education setting when they are looking to travel during term time dates.
- This will prompt a conversation with the DSL/ specialist trained member of staff to discuss and explain what FGM is in that; it is significantly harmful and illegal to practice this.
- The setting will complete an [FGM Referral Risk assessment](#) (available on the [Keeping Bristol Safe Partnership website](#)) with the family to identify any support that the family may require in relation to FGM.
- Proportionate action is taken. Referrals to social care should NOT be automatically made – however should be made if there are high risk concerns identified from the FGM Referral Risk Assessment.
- These assessments should be saved onto the child's Safeguarding/Child Protection file to avoid duplication with new incidents of travel.

Online Safety – Annex C of Keeping Children Safe in Education highlights additional actions schools should take to keep learners safe online.

- **Annex B of Keeping Children Safe in Education highlights additional actions schools should take to keep learners safe online.**
- For concerns around individual cases where a child has been harmed through online mediums, advice and guidance can be made through the **Professional Online Safeguarding Helpline**, T: 0344 381 4772, E: helpline@saferinternet.org.uk

- Where there have been established cases of online abuse or grooming, the school settings should alert - **Child Exploitation and Online Protection command (CEOPS)** <https://www.ceop.police.uk/ceop-reporting/>

Mental health – linked to section within main body of this policy

Child on Child Abuse - linked to section within main body of this policy.

Serious Youth Violence -

To be read in conjunction with the above section around Child Criminal Exploitation. There has been local guidance issued on the issue of [‘Offensive Weapons in Education Settings’](#).

It is important to note that should a weapon be used or there is threat of use, the police should be called immediately.

- The same day a weapon is found Safer Options should be called for a multi-disciplinary assessment of risk.
- Whilst it is acknowledged that the decision to exclude remains with the Headteacher/principal it is recommended that consultation with the Safer Options Education Inclusion Manager is made so as not to further put the child at further risk of harm if they are excluded.
- Alternatives to exclusions should be considered first in recognition that by doing so a learner it may be at further risk of harm out in the community.
- Police will be notified through the multi-agency discussion held at the ‘Out of Court Disposals Panel’ to prevent students unnecessarily getting a criminal record.

Preventing Radicalisation - The Prevent duty

All schools and colleges are subject to a duty under section 26 of the Counter-Terrorism and Security Act 2015 (the CTSA 2015), in the exercise of their functions, to have “due regard to the need to prevent people from being drawn into terrorism”.¹¹⁰ This duty is known as the Prevent duty.

The Prevent duty should be seen as part of schools’ and colleges’ wider safeguarding obligations. Designated safeguarding leads and other senior leaders should familiarise themselves with the revised [Prevent duty guidance: for England and Wales](#), especially paragraphs 57-76, which are specifically concerned with schools (and also covers childcare).

The guidance is set out in terms of four general themes:

- risk assessment,
- working in partnership,
- staff training, and
- IT policies.

Private Fostering

A private fostering arrangement is one that is made privately (without the involvement of a local authority) for the care of a child:

- under the age of 16 years (under 18, if disabled)
- by someone other than a parent or close relative(*Close family relative is defined as a 'grandparent, brother, sister, uncle or aunt' and includes half-siblings and step-parents; it does not include great-aunts or uncles, great grandparents or cousins.)
- with the intention that it should last for 28 days or more.

Cases of private fostering arrangements must be reported to children's social care to ensure that needs are adequately made.

Statutory guidance states that this should be done at least 6 weeks before the arrangement is due to start or as soon as you are made aware of the arrangements. Not to do so is a criminal offence.

Further support and reasonable adjustments should be made by the education setting to promote achievement of positive educational outcomes.

Young Carers

A young carer is a person under 18 who regularly provides emotional and/or practical support and assistance for a family member who is disabled, physically or mentally unwell or who misuses substances.

The setting will support learners who are young carers to appropriate support. To find out what is available locally visit the Bristol City Council Website -

<https://www.bristol.gov.uk/social-care-health/support-for-young-carers>

The Carers Support Centre can undertake an assessment of need and provide bespoke support. <https://www.carerssupportcentre.org.uk/young-carers/making-a-referral/>

Redcliffe Nursery School and Children's Centre

COVID- 19 – Addendum to the Safeguarding/Child Protection Policy

Appendix B – Flow chart of what to do if a child with a social worker does not attend

Appendix C – Flow chart of what to do if a Child in Care does not attend

Appendix D – List of resources

Background

This guidance is has been developed to consider and reflect changes in line with government guidance and local arrangements as a result of the COVID-19 pandemic. .

Practice should reflect statutory guidance Keeping Children Safe in Education (KCSIE) 2022 and settings should continue to have regard to their legislative duty.

The government is preparing legislation to suspend or modify some requirements of schools to enable them to focus on the new arrangements. Schools should focus on safeguarding duties as a priority. Where schools and trusts have concerns about the impact of staff absence – such as their Designated Safeguarding Lead (DSL) or first aiders – they should discuss immediately with the local authority.

A full list of up to date government guidance around education settings can be found on the government website - Coronavirus (COVID-19): guidance for schools and other educational settings.

What staff and volunteers should do if they have any concerns about a child

The way Redcliffe Nursery School is currently operating in response to concerns about the welfare of a child, during the COVID – 19 outbreak, is fundamentally the same:

- With regard to safeguarding, the best interests of child must always continue to come first.
- If anyone in a school or college has a safeguarding concern about any child they should continue to act immediately.
- A DSL or deputy DSL are always available.
- It is essential that unsuitable people are not allowed to enter the children's workforce and/or gain access to children.
- children should continue to be protected when they are online.

It would be advantageous that staff and volunteers remind themselves of what they need to look out for by reading Part 1 of KCSIE 2019.

Raising a concern:

All staff and volunteers should read the next section regarding the Designated Safeguarding Lead (and deputies) to know who to speak to if you have identified a concern. You should follow the usual reporting mechanisms if you continue to work in Redcliffe Nursery School.

All staff and volunteers should act immediately to respond to a safeguarding concern. If a DSL or Deputy DSL is not available for advice, all staff should be aware of the role of the following teams **in emergency situations**:

If a child is at immediate risk call the POLICE

The POLICE 999

To make an URGENT referral, i.e. a child is likely to suffer or is suffering significant harm, call First Response	FIRST RESPONSE 0117 9036444 (Out of Hours Emergency Duty Team 01454 615 165)
To make a NON-URGENT referral, contact FIRST RESPONSE using the online form (must have parental/carer consent).	FIRST RESPONSE Online form https://www.bristol.gov.uk/social-care-health/make-a-referral-to-first-response
To raise concerns and ask for advice about radicalisation (also contact First Response).	PREVENT DUTY 01278 647466 PreventSW@avonandsomerset.police.uk
For advice and guidance about whether to make a referral.	Families in Focus (N) 0117 3521499 Families in Focus (E/C) 0117 3576460 Families in Focus (S) 0117 9037770

Make sure there is a record of your actions, who you spoke to and what the agreed plan of action was. Notify the DSL/Deputy DSL as soon as possible.

Designated Safeguarding Lead (DSL) (and Deputy) arrangements

All staff and volunteers need to know who the Designated Safeguarding Lead (DSL) and Deputy DSLs are in the setting.

- If the DSL/ Deputy DSL is working from home they will be contactable by phone. These contact details have been made accessible to all at the setting.
- The Education Safeguarding Contacts Poster has been made accessible by displaying it in spaces that are being used by staff and volunteers.
- In the event that the DSL / Deputy DSL is not at work and uncontactable, Redcliffe Nursery School has a contingency plan. This plan involves working in partnership, as part of a cluster, with the following settings:

Partner/ cluster DSL/ Deputy DSL contacts during COVID 19 pandemic.		
Name	Title/ Name of setting	Contact details (Telephone, out of office telephone, email)
Sarah Salmon	Head Teacher – Knowle West Nursery School.	0117 903 0214
Bridget White	Centre manager – Compass point Children Centre.	0117 377 2340

Redcliffe Nursery School will notify the safeguardingineducationteam@bristol.gov.uk if a change in DSL/Deputy has been made. This is to ensure the LA can support colleagues with the continuity around safeguarding children.

Recruitment of new staff/volunteers

- Where new staff are recruited, or new volunteers enter the nursery, they will be provided with a safeguarding induction. This will include reading the up to date Child Protection/Safeguarding Policy and part 1 of Keeping Children Safe in Education 2022 (KCSIE).
- Where the nursery is utilising volunteers, we will continue to follow the checking and risk assessment process as set out in s.167 to s.172 of KCSIE 2019.
- If the new member of staff or volunteer requires a new DBS check – there has been new guidance issued, ID documents will be viewed over video link and scanned images will be used in advance of the DBS check being submitted.

First Aid cover

The majority of staff at Redcliffe Nursery School hold an up to date paediatric first aid certificate. However, in the unlikely situation that there is not a trained first aider in the building we will consider additional measures to cover first aid, these may include:

- Online training may be considered where face to face training is unavailable.
- Working within a cluster to ensure a trained First Aider will be onsite.
- All staff are reminded of the setting's procedures in responding, recording and reporting health and safety incidents. First Aid incidents will continue to be recorded and reported as per the setting's policy. In an emergency staff and volunteers are reminded that they can call '111' or '999' if they are worried or concerned. Parents/Carers will be notified at the earliest convenience if there is a medical/health incident.
- Where a child requires the administration of medication an individual risk assessment will be undertaken and this will be regularly reviewed.

Local updates

In line with our statutory duties we will offer support for families at a universal level wherever possible. This will be informed by updates from the Local Authority Education and Skills Directorate and the Keeping Bristol Safe Partnership and shared with staff as appropriate.

Supporting vulnerable children

Redcliffe Nursery school has a legal responsibility to promote the safety and wellbeing of the children who are on our roll.

Identifying vulnerable children

Redcliffe has a vulnerable children list which includes the following cohorts in line with latest government advice:

- Those who have a social worker (those on Child Protection Plans, Child in Need and Children in Care) and those with Education Health and Care Plans (EHCPs). There has been guidance published from the government: The setting has included those children who have been referred to children's social care but not yet appointed a social worker, or those students who would benefit from early help support.
- Those children who we have received police notifications about.
- Those children who have mental health needs.
- Eligibility for free school meals should not, by itself, be a determining factor in assessing vulnerability.

We, as a safeguarding team, have assessed children based on existing knowledge of vulnerability and current circumstances using a Red/Amber/Green (RAG) rating system to ensure we are able to prioritise our resources for the most in need. This will be reviewed on a regular basis.

Redcliffe Nursery School will take proportionate action to support our children. There will be particular children who are more vulnerable during the COVID-19 outbreak and it is important that they are identified and regularly reviewed.

Those with social workers/case coordinators:

- For those who have social workers we will work in partnership with the social worker/case coordinator (with parents and carers). Where it is unclear who the allocated worker is, Families in Focus will be contacted.
- For Children in Care we will also liaise with the Hope Virtual School
- There is an expectation that vulnerable students who have a social worker will attend an education setting, so long as they do not have underlying health conditions that put them at severe risk.
- In circumstances where a parent does not want to bring their child to an education setting, and their child is considered vulnerable, the social worker and DSLs will explore the reasons for this, directly with the parent/carer.
- Where parents/carers are concerned about the risk of the child contracting the virus, DSLs or social worker will explore these anxieties with the parent/carer following the advice set out by Public Health England.
- Through a continuous review process and in conjunction with the Social Worker, nursery staff will encourage children to attend. Social workers will remain in contact with vulnerable children and families, including remotely if needed.
- DSLs and social workers will agree with families whether Children in Need should be attending.

- Redcliffe Nursery School will follow up on any child that they were expecting to attend but does not, in line with our attendance procedures.
- To support the above, Redcliffe will take the opportunity when communicating with parents and carers to confirm emergency contact numbers are correct and ask for any additional emergency contact numbers where they are available.
- In all circumstances where a vulnerable child does not take up their place at nursery, or the temporary place discontinues, DSLs will notify their social worker.

Those with EHCPs or who have an EHCP request pending:

Those with an EHC plan (or plan pending) will be risk-assessed by the nursery in consultation with the local authority and parents, to decide whether they need to continue to be offered a place at Redcliffe Nursery School in order to meet their needs, or whether these can be safely met at home. Completed EHCP risk assessment will be completed by the SENDCo and assessments sent to sen@bristolgov.uk.

Redcliffe Nursey School will need to consider a number of different risks, reflected in the risk assessment for each individual (where applicable), including:

- The potential health risks to the child from COVID-19, bearing in mind any underlying health conditions. This must be on an individual basis with advice from an appropriate health professional where required.
- The risk to the child if some or all elements of their EHC plan cannot be delivered at all, and the risk if they cannot be delivered in the normal manner or in the usual setting
- The ability of the child's parents or home to ensure their health and care needs can be met safely
- The potential impact to the child's wellbeing of changes to routine or the way in which provision is delivered.

It is expected most children and young people with EHC plans will fall into the following categories:

1. Children and young people who would be at significant risk if their education, health and care provision and placement did not continue, namely those who could not safely be supported at home. This may include those with profound and multiple learning difficulties, and those receiving significant levels of personal care support.
2. Children and young people whose needs can be met at home, namely those who are not receiving personal care from their educational setting, or whose limited need for personal care can be met in their family home.

Taking proportionate action:

If the setting is open for children of Key Workers, those who have EHCPs (or pending), those with social workers (including children in care) **we will take all measures not to exclude** those identified as vulnerable children.

Redcliffe Nursery School will be flexible around this cohort to be part of a reduced school offer. This will be dependent on the setting's capacity and agreement with the family.

If they cannot attend (e.g. setting has closed fully)/will not attend then the setting will consider taking action in line with the table below (this will form part of a review of the initial RAG rating of vulnerable children and risk assessments):

RED	<ul style="list-style-type: none"> - Ensure the setting has liaised with involved agencies – consider reviewing support/care plans with the social worker/case coordinator/Hope Virtual School. - Schedule and prioritise check ins/ home visits. - Ensure clear methods of communication established for children and families and the setting by phone or email. - Consider supporting with referrals to 3rd sector support/youth work/mentoring.
AMBER	<ul style="list-style-type: none"> - Check in when required. Agree who does this with the social worker/case coordinator if the case is open. - Clear methods of communication established for children and families and the setting by phone or email. - Send information for self-referral support if required.
GREEN	<ul style="list-style-type: none"> - Monitor with check ins from universal teaching staff. - Send information for self-referral support if required

The setting will follow:

- hints and tips of how to have supportive conversations in accordance with APPENDIX A
- Public Health/NHS guidance for those who will be self-isolating/ displaying symptoms, (or for those who are living with anyone displaying symptoms).
- Public Health/NHS guidance around social distancing if conducting a home visit and complete a risk assessment around whether personal protective equipment may be required.

Attendance

See section Assessing, reviewing and taking action for expectations around attendance.

During this period, settings do not need to take an attendance register. For administrative purposes Code # (planned whole or partial closure) will be used. Redcliffe Nursery School will submit a short daily return to the DfE, reporting whether we are open and how many children and staff are in the setting. This will generate a record of attendance for safeguarding purposes and provide accurate, up to date

data to the government. This will also help DfE to track capacity in the system, enabling the department to feed into wider tracking of the impact of the virus to support scientific advice.

APPENDIX B - procedures if a child with a Child in Need or Child Protection plan does not attend.

APPENDIX C- procedures if a Child in Care does not attend.

Keeping safe online

Whilst social distancing measures are in place it is important that settings consider utilising technology to support students in a safe way. Staff will continue to look out for signs a child may be at risk. Any concerns should be reported as in section What staff and volunteers should do if they have any concerns about a child.

- Staff will be reminded of the staff behaviour policy/code of conduct. The staff behaviour policy should amongst other things include acceptable use of technologies, staff/child relationships and communication including the use of social media. The policy should apply equally to any existing or new online and distance learning arrangements which are introduced.
- Redcliffe Nursery School will ensure any use of online learning tools and systems is in line with privacy and data protection/GDPR requirements. We will complete/review a Data Protection Impact Assessment when planning to use virtual learning opportunities.

What to do if you have concerns about a staff member or volunteer who may pose a safeguarding risk to children

Any concerns about the conduct of staff/ volunteers should be raised with the Head Teacher. In the event that the concern is regarding the Head Teacher/Principal concerns should be raised to the Chair of Governors. The Local Authority Designated Officer will be contacted before any form of investigation commences.

We will continue to follow our legal duty to refer to the Disclosure and Barring Service anyone who has harmed or poses a risk of harm to a child or vulnerable adult. Full details can be found at s.163 of KCSIE 2019 and will continue to operate work under Part 4 of KCISE 2019.

Appendix A - Check-ins/Monitoring welfare of vulnerable children- hints and tips

Key Activities:

- Redcliffe Nursery School has set up a school professional email for the safeguarding team to jointly access. This has been provided to families and young people to enable them to liaise with us if they require help and support.
- Staff will continue to act in accordance with the setting's code of conduct. We will continue to monitor wellbeing via phone call, email or conducting a home visit (following public health social distancing protocols).
- Staff will only use school accounts to communicate via email or online platforms, never personal/ private accounts.
- If a member of staff does need to use their own personal device they will ensure any phone calls are made from a blocked number so personal contact details are not visible.

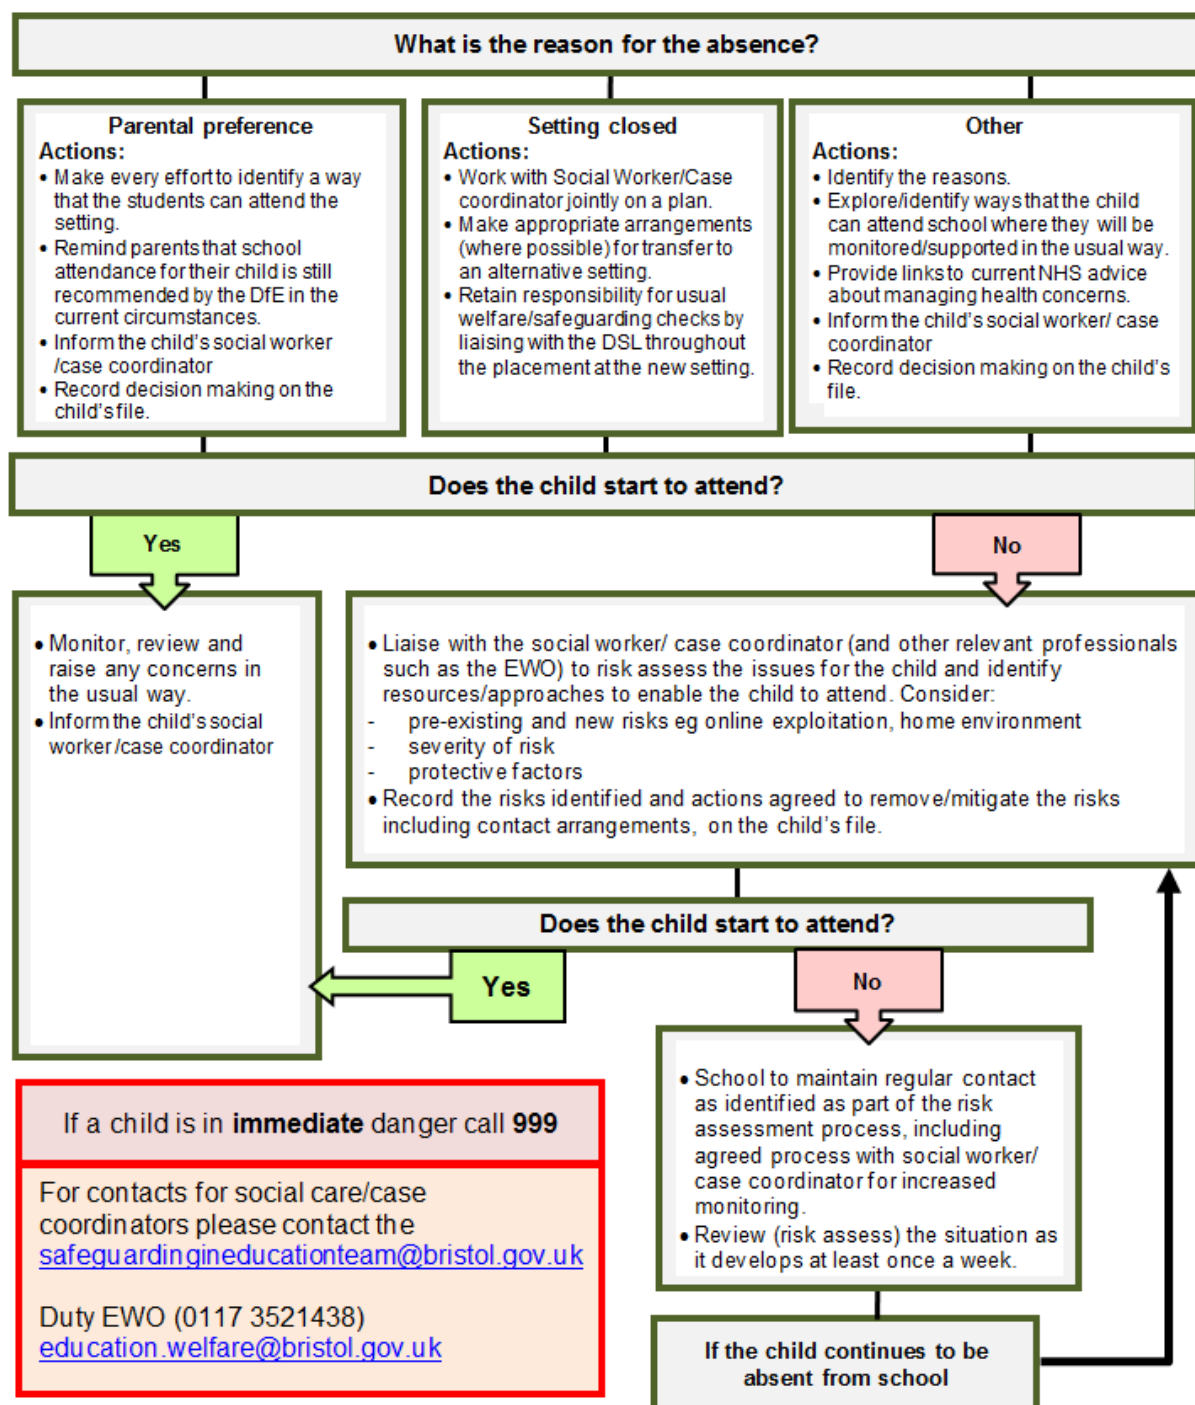

Arranging contact:

- We will liaise with the social worker/ Case Co-ordinator or other key professional if one is involved and contact arrangements are agreed as part of plan.
- Key people will continue to be open with all families and will check in with them weekly to offer support during this difficult time. A monitoring sheet will be completed by each key person weekly and sent to the DSLs.
- All communication will be supportive and aim to gauge how they are and how they are coping.

In circumstances where there are concerns about a child, staff in Redcliffe Nursery School will take into account the following:

- Be mindful of the families individual needs – does the contact need to occur? Everyone has the right to a private life?
- Consider whether seeing the child is required? If so – what has been agreed by the social worker/case coordinator?
- Consider whether how your interaction will be interpreted by the family and evaluate your approach.
- Avoid using video-conferencing for the purposes of 'checking-in'. If no social worker and still vulnerable -consider obtaining advice from the Locality Families in Focus teams.

Appendix B – Flow chart of what to do if a Child with a social worker does not attend the named setting.

Appendix C Flow chart of what to do if a Child in Care does not attend the named setting.
